You are welcome!

Come to Open-Sozial, the meeting place for all those who want to work together for a social and just society in the Untermain region.

Come together with citizens from the district of Miltenberg to discuss the social issues of our time:

- **Neighborhood assistance, health and care**
- **Work, family and recreation**
- **Basic services, mobility and digitization**
- **Education, integration and inclusion**
- **Pastoral care, faith and church**

Or simply what is on your mind personally as a social issue.

After summertime, in a good atmosphere with circus atmosphere, music and good refreshments, there is room for exchange and engagement. You get the opportunity to bring in your topics and network with like-minded people. In these moderated thematic groups you discuss your view of things with others. Together you collect ideas for improvement. In an exchange with political leaders, you can send out the first messages.

If that's not enough? - The thematic groups even receive an offer for further activities with support in project management, public relations and funding. At the end of the day, you decide for yourself and in all openness whether you have just contributed to the day or whether you want to stay involved in a topic together with other participants.

The Open-Social is also for you the current platform for social responsibility in the district of Miltenberg. Here you can bring in your topics and find like-minded people. We are looking forward to your views and ideas. You are welcome to invite friends and people you know.

For the team of the Open-Social:
Christine, Joachim, Melanie und Marcus
